

Imran Khan :: Pune

imran.khan@paritypartners.example

SKILLS: Java, Spring Boot, MySQL, AWS

EXPERIENCE:

* Backend Engineer, Parity Partners (2023 - Present). Designed and ran AWS/Spring Boot microservices Cobalt Capital's payments and core-banking platform, owning them from design to production. Drove a migration to Java with zero downtime across 500k+ daily orders. Cut p99 latency by 35% by reworking the MySQL layer and adding caching and async processing. Introduced CI/CD, trunk-based development and automated tests; deploys went from weekly to daily. Built infrastructure-as-code and observability (dashboards, alerts, SLOs) for the platform.

* Backend Engineer, SkyRoute Airlines (2020 - 2023). Introduced CI/CD, trunk-based development and automated tests; deploys went from weekly to daily. Mentored 3 engineers and ran internal guild sessions on MySQL. Drove a migration to AWS with zero downtime across 2k req/s peak. Designed and ran Java/Java microservices for SkyRoute Airlines's booking and network platforms platform, owning them from design to production.

* Backend Engineer, Civic Digital Agency (2017 - 2020). Led incident response and on-call for a high-throughput service (1M+ daily requests). Built infrastructure-as-code and observability (dashboards, alerts, SLOs) for the platform. Hardened security and access control for Civic Digital Agency, including audit logging and secrets management. Drove a migration to AWS with zero downtime across 500k+ daily orders.

PROJECTS: Re-platformed the identity service using AWS and MySQL (sub-100ms p99). Re-platformed the identity service using Spring Boot and MySQL (1M+ users).

EDU: B.Tech Information Technology, PES University (9 yrs)
